The US Market

While states are in the process of adopting legislation, we believe this market has a good potential of becoming the biggest one in the world.
As for now, BetConstruct is strengthening its presence in the US. All the partnerships we have with the local operators have proved to be commercially successful.
With every new entry we learn which products and services to provide, we localize our existing products and, of course, try to bring innovative solutions.

Partner Solutions

The following partnering options are possible in the region:

White Label Solution

FANTASY ESPORTS

Fantasy Esports is a powerful product developed by BetConstruct that includes two of the most popular games LoL and CS:GO. League of Legends has more than 100,000,000 players per month and CounterStrike: Global offensive has over 500,000 players daily, this incredible traffic will enable operators to boost player engagement even further. Fantasy Esports will ensure all the major leagues and live updates for both of the games. LoL comes with 12 major leagues and CS:GO comes up with 10. Fantasy Esports offers the players superb gaming experience to build their own fantasy teams of the abovementioned games.

ESPORTS

Esports offers over 10,000 unique live events monthly and 4,000+ pre-match events including 10 major championships such as LoL, Overwatch, CS:GO, DOTA2, KoG, Starcraft, Starcraft2, Rainbow Six. The operators have a unique chance to offer exclusive esports content for the players both during peak and quiet hours ensuring 24/7 betting experience.

BETCONSTRUCT

Special Regional Offer

BetConstruct offer marke-specific solutions for the US market by providing two promotional games to your players. Sweepstakes and Predictor promise to keep your players engaged as they are free and easy to play..

SWEEPSTAKE (coming soon)

BetConstruct's Sweepstakes comes in two types: Madness Sweepstakes and ProFootball Sweepstakes. Madness Sweepstakes is usually played in March. ProFootball Sweepstakes is played weekly or per round. The main idea of Sweepstakes game is that a player is assigned randomly generated teams through RNG from different real-life leagues such as the NBA, NFL, and NCAA.The higher points his teams get, the bigger prizes he wins.

PREDICTOR (coming soon)

Predictor, as the name suggests, is based on simple predictions on sports events. Your players will be able to check their sports knowledge and analytical skills while playing this game. The game is quite simple, the players are assigned a number of weekly real matches so that they can guess things like the end-results of the matches or which team will score first, etc. The more correct predictions the player makes, the higher scores he gets on the
